### NEW AT FLAWLESS!!

Flawless Aesthetics are proud to announce from October we can offer the newest high tech SF laser machine.

This machine is pain free laser hair removal as well as semi permanent make up and tattoo removal.

This is in high demand as it's a good alternative to IPL, This machine allows us to treat all skin tones and hair colours!

We can not wait to launch our machine! We are holding free consultations for all clients who are interested on this treatment.

## Weight Management Clinic

We will now be holding weekly weight management clinics at Flawless Aesthetics.

Clients will receive a full consultation before being prescribed the “Saxenda Pen” along with a health check.

This has proven amazing results!
