

Has your skin suffered during lockdown? Book in with us now to see our skin specialist to feel good about your skin again.

Welcome back!

We are so excited to have finally re-opened! We will be returning to doing all of our treatments as usual from the 1st of August. This includes all facial treatments as well as body treatments. We are so excited to all our lovely clients again after a long wait.

Lynton Laser Machine:

We are finally re-introducing our Laser hair removal sessions with our new medical grade Lynton Laser Machine. We have made sure to use the best quality machine to reach the expectations of our clients by using the only medical grade laser machine approved by the NHS in the UK. We are taking clients from the 8th of August onwards, all clients will need to book in for a pre-treatment consultation before their laser treatments. **All existing laser clients can have a FREE session at the end of their laser course.**

FA Gold Facial with Biotech:

A highly advanced facial treatment that combines a variety of techniques and devices to give your skin the ultimate cleanse, hydration, nutrition and glow. FA Gold consists of:

- Cleanse and Steam
- Microdermabrasion for exfoliation and extraction of dead cells
- Dermaroller creates tiny, harmless punctures on the surface of your skin. This signals your body to produce collagen, create a refreshed appearance with a new layer, reduce the appearance of scars enlarged pores and improve uneven skin.
- Mask for nourishment, hydration and reduction of skin inflammation.
- Recovery Balm/ Sheer Hydration SPF for skin calmness and protection.

Our skin has amazing self-healing properties. With this treatment, you can make this work for you to give you fresher and younger-looking skin than before.

ALL FA GOLD FACIALS WITH BIOTECH WILL BE 50% OFF FOR TH MONTHS OF AUGUST AND SEPTEMBER!
